

AB Vassilopoulos

International Graduate
Trainee Program
2017

Program Content

The 18-month trainee program consists of three assignments with a duration of six months each:

Assignment #1: Retail Operations

Trainees build a strong business foundation and learn, from the ground up, about the retail industry through on-the-job training, working on a retail-related business case or projects.

Assignment #2: Project Abroad

Trainees take on an international assignment to develop effective project management skills and cultural awareness and adaptability.

Assignment #3: Support Role

Trainees fulfill a role in a business support department or take on another project in their home country

During the Program

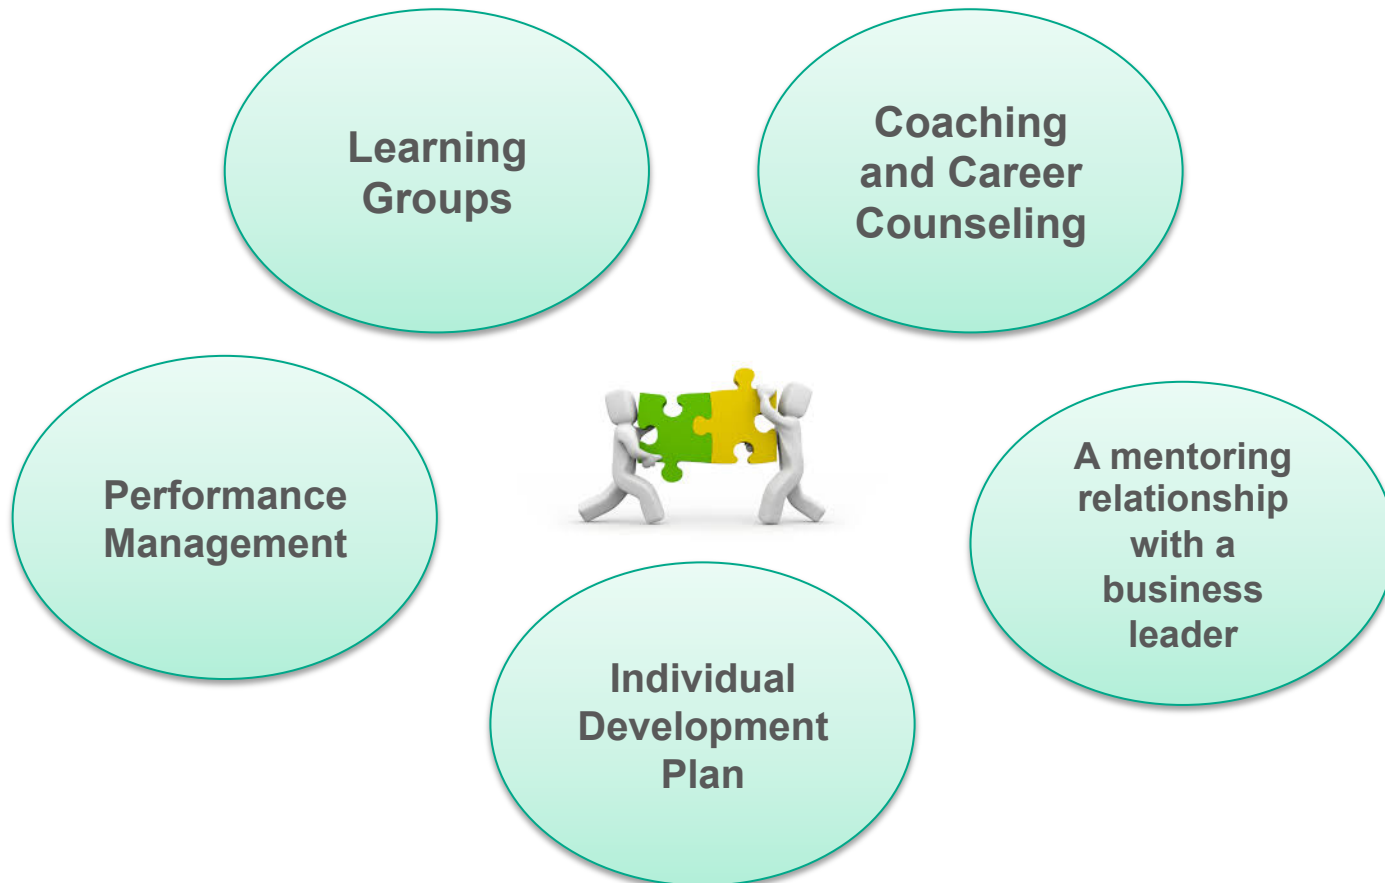

During each assignment the following areas of development/experiences are expected:

- Knowledge about the retail business
- Develop and strengthen leadership competencies
- Develop project management and managerial skills
- Develop cross-cultural awareness and adaptability
- Build an internal network and share best practices across the organization

Development & Training

Throughout the program, trainees are supported in their development by:

After the Program

After successful completion of the traineeship, we aim for an entry level management position in AB

Our mission is to retain trainees within the organization to come and support them in progressing across the organization as leaders

Thank you
